Biz Kimiz

About Us

ALPKON, inşaat projeleri sektöründe tüm proje disiplinlerini kendi bünyesinde barındırma hedefiyle, 1998 yılında statik proje ofisi olarak hizmet vermeye başlamıştır. Zaman içerisinde mimarlık, mekanik, elektrik ve borulama (MEP), ulaşım mühendisliği konularında deneyimli ortakların da katılması ile güçlenerek Türkiye'nin en büyük mühendislik, mimarlık ve müşavirlik firmalarından biri olmuştur.

ALPKON; Rusya, Azerbaycan, Türkmenistan başta olmak üzere yurtdışı ve yurtiçinde 600'ün üzerinde projeyi başarıyla tamamlamış bir firmadır.

ALPKON; orta veya büyük ölçekli projeleri Türk, Amerikan, Avrupa ve Rus Şartnameleri'ne uygun olarak, mimarlık ve mühendislik tasarımlarının tamamını kendi bünyesinde yapan bir proje hipermarketidir.

ALPKON; dayanıklı, estetik ve ekonomik çözümler üretme ilkesi; uzman, yenilikçi ve dinamik kadrosuyla siz değerli müşterilerine akılcı çözümler sunmaya devam edecektir.

ALPKON started to operate as a civil engineering project office in 1998 with the aim of having all project disciplines within its body in construction project sector. It has become one of the largest engineering, architectural and consultancy companies of Turkey with the participation of experienced partners in architecture, mechanical, electrical and plumbing (MEP), transportation engineering.

ALPKON which has completed more than 600 projects nationally and internationally especially in Russia, Azerbaijan and Turkmenistan, is a project hypermarket performing architectural and engineering designs in all project disciplines within its own body in accordance with Turkish, American, European and Russian codes for medium-scale and large-scale projects.

ALPKON will continue to offer rational solutions for its customers with its specialized, innovative and dynamic staff alongside the principle of creating strongly, aesthetically and economically.

Hizmetler / Services

YAPI MÜHENDİSLİĞİ STRUCTURAL ENGINEERING

- Betonarme Yapılar
Reinforced Concrete Structures
- Çelik Yapılar
Steel Structures
- Öngerme – Ardgerme Sistemler
Pre-tensile and post-tensile systems
- Cephe Mühendisliği
Facade Engineering

MİMARLIK ARCHITECTURE

- Konsept Proje
Concept Project
- Mimari Proje
Architectural Project
- İç Mimari
Interior Architecture
- 3D Görselleştirme
3D Visualization
- Peyzaj Mimarlığı
Landscape Architecture

ULAŞIM MÜHENDİSLİĞİ TRANSPORTATION ENGINEERING

- Yol Mühendisliği
Highway Engineering
- Köprü Mühendisliği
Bridge Engineering
- Altyapı Mühendisliği
